ABOUT THE Khanglai AND JUBILEE BIG BLUE BALLOON

As Delegates could see every day, the Big Blue Balloon lying between the Conference and the Mess Halls is a favourite spot for photo sessions. As Delegates may be curious about this balloon, we thought we will convey a thing or two we know about this BBB. The balloon was initially conceived to be flown and suspended high up in the air during the Conference and Jubilee Celebration. But more than meets the eye, there were knotty problems. We are told that a police clearance or permission was required to keep a hydrogen filled balloon afloat. Some even fear that it would attract unwanted attention. So, it was thought best to be grounded. A pet initiative of Pu Pastor, KWSD, sponsored by Ng. Lhingcha (Safdarjang Prayer Cell leader) and her sister Chongboi (in S. Korea), this balloon is said to have cost a hefty Rs.13,500/-. Though it fails to take off the ground, yet it will remain in photographs for posterity!
